Reading Comprenension (5 Marks)

4- Read the following passage and answer the questions below:

A lot of people like eating fish because it is healthy. It helps our brains to think well. Other people like catching fish because it is fun. But if we let them do so, we will not have enough fish in the future. Here are some facts about fish, If you read about fish, you will find that there are over 30.000 known kinds of fish. We don't eat more than 25 percent of the fish we catch, In fifty years time, it is possible that there will be no more fish in the sea. So, we must stop people catching fish that are very young.
